DESIGN PHILOSOPHY

I strive to design with purpose and promote research-based design. My goal is to utilize my passion to center my work around the well-being of people. I want to create functional spaces that push the boundaries of design to create new experiences that provoke expression and emotion. I place importance on continuous learning and embracing challenges.

INTERIOR DESIGN EXPERIENCE

Interior Designer / Contract Furniture Inc. / Tampa, FL

March 2022 – Present

- Select, specify, and price furniture
- Draft space plans in AutoCAD
- Produce 2D and 3D renderings
- Create project presentations and visuals for clients
- Utilize design techniques to find functional solutions
- Collaborate with team to create quality and innovative spaces

CAD Technician / RGIS / Auburn Hills, MI

October 2021--February 2022

- Conduct final quality assessments on CAD floor plans surveyed from site
- Extract data from CAD into excel to create deliverable spreadsheets
- Communicate and work with team to hit deadlines

Interior Designer (Commercial) / McGee Designhouse / Carmel, IN

May 2021 – September 2021

- Completed construction documents
- Selected and documented finishes, furniture, and equipment
- Drafted elevations and casework details
- Presented finishes and concepts to clients
- Field measured and input plans into AutoCAD
- Created digital sketches and renderings in Photoshop

Interior Design Intern / Ellwood Interiors Inc. / Birmingham, MI

May 2020 – August 2020

- Produced visuals for clients in Photoshop, AutoCAD, and SketchUp
- Completed preliminary lighting, electrical, and space plans
- Attended representative meetings to view and learn about new product lines in the industry
- Documented product information
- Communicated with vendors and manufacturers
